### ABOUT N+P?

N+P Group contributes to a better and greener world for over 25 years now. We are doing that by pioneering with and being the market leader in the production and supply of alternative raw materials and fuels, based on non-recyclable waste. We convert non-recyclable waste streams into usable materials, where primary raw materials and fossil fuels are replaced in various industrial processes. The goal of N+P is to become a leading producer and supplier of sustainable raw materials and fuels worldwide. More information can be found at [www.npgroup.com](http://www.npgroup.com)
